Important information

The Benchmark administrator, MSCI Limited, restructured the Benchmark on 30 November 2018, meaning the constituents of the Benchmark will change with the reclassification of certain companies in it to another benchmark. As a result, the Management Company and the Investment Manager have jointly concluded that the Benchmark will no longer be appropriate for the calculation of the Performance Fee going forward and may be potentially disadvantageous to Shareholders. Accordingly, in advance of being able to identify a more appropriate benchmark for the Performance Fee calculation, the Management Company and the Investment Manager will waive any Performance Fees that may accrue and be payable for the Share Classes as of 1 December 2018 until further notice. Positive distribution rate does not imply positive return. Intended dividend distribution and the derived yield of the Fund are not guaranteed and are subject to change without any prior notice. Past yields are not necessarily indicative of future or likely distribution. ^Performance with sales charge source: Janus Henderson Investors, calculated on a NAV to NAV basis, net of 5% initial charge, with gross income reinvested at NAV price. Note: The performance calculation is based on a maximum initial sales charge of 5%. The actual initial sales charge paid by the unitholder may be different based on the discount, if any, applied by distributors. As such, the performance return may differ based on the discount, if any, applied by distributors. Refer to the prospectus for more details on shares classes offered. † Investors should refer to the prospectus for full details on performance fee where a performance fee is applicable.
