

Janus Henderson Horizon Fund - Share Class List

Distribution Policy

Distribution Shares (Sub-class 1, Sub-class 3 or Sub-class 4)

Class of Shares that entitle the Shareholder to the periodical distribution of gross income and net realised and unrealised capital gains.

Sub-class 1 - Shares distribute all relevant income after the deduction of fees, charges and expenses, this will not include realised and unrealised capital gains.

Sub-class 3 - Shares distribute all relevant income before the deduction of fees, charges and expenses, this may include realised and unrealised capital gains and may result in capital erosion.

Sub-class 4 - This share class distributes substantially all of the investment income over the relevant accounting period and potentially a portion of capital before the deduction of fees, charges and expenses. Distributions may include realised and unrealised capital gains and original capital invested.

The distribution will be calculated at the discretion of the Directors with a view to providing consistent distributions.

Accumulation Shares (Sub-class 2)

Gross income and net realised and unrealised capital gains will not be distributed but will instead be accumulated, thereby increasing the capital value of the Fund.

Distribution Frequency (Applicable to Distribution Shares only)

The periodical frequency at which investors will receive dividends.

Distribution Frequency - Annual (ANNU)
